COMMISSION GOVERNMENT.

EVERY time a Government by Commission "scare" is worked up, some people become excited and declare that would be the end of all things. Even the Delegate, last week, played upon the "horrible" possibility. He declared that, within fifteen years from now, the Japanese voters will control the political situation in these islands. He declared also, that the only way to counteract the Japanese vote is to bring Americans into the country and settle them on the land. There is a deal of truth in all that, but what some people want to know is how will Government by Commission be such a bad thing for the islands.

There are many level headed men who consider that Government by Commission would be a good thing for Hawaii. Much petty graft and expensive local government would be wiped out. The political atmosphere would be cleared a lot and, Kuhio's bugbear of the future Japanese voters, would be eliminated.

KUHIO AND FREAR.

OUR Delegate to Congress put up a good talk in Wailuku—that is as regards the party he represents in Congress. Kuhio is earnest enough in that respect, but he still harps on the "wrong doing" of the Administration. Even after having been shown how false the "charges" against Governor Frear are, Kuhio still repeats such absurd statements as, "Frear never put a homesteader on the land." He, Ashford and Kinney, have been shown clearly that their trumped up charges are not true. Ashford has as good as retracted, but Kuhio still keeps on.

Kuhio, as the representative of the Hawaiian islands, has done good work in the past. He is, once again, the selected candidate of the Republican Party, and he should receive the vote of every Republican.

However, when, in his campaign, he keeps up the fight against Frear, he is making a great mistake. His friends should advise him to keep quiet on the subject, and to confine himself to pointing out the blessing of Protection, as represented by the Republican Party.

A GOOD CHOICE.

HAWAII is to be congratulated on the appointment of H. K. Bishop, as superintendent of Public Works. Bishop is a first class Civil Engineer and he has had much experience in different lines of work. There were other good men mentioned for the position and, no doubt, any one of them would have filled the billet with credit. Still, in Bishop, the department has a head to be proud of.

Duke Kahanamoku was a welcome visitor to Maui. He is the same unassuming youth, who, a trifle over a year ago, was unknown to anyone except a few Waikiki Beach visitors. Duke is level headed and fame has not changed him at all.

What about the Kihei wharf? Have the Harbor Commissioners forgotten the matter?

"Bill" Rawlins is as proud of "Duke" as if the lad were his own son

FOR SHERIFF:—Jarrett 146, Parker, Capt. Robert 55. Total ballots cast 209.

A glance at the list will open the eyes of Mr. Roosevelt to the fact that by the Territory of Hawaii remaining a territory he is losing support that as a State he would gather votes like a rolling snow ball. The greatest surprise was in the vote polled for Kuhio. The people who thought McCandless should lie fallow for a couple of years simply say "I told you so" and are getting a lot of enjoyment out of it. Of course this method of getting the pulse of the people does not go for much; any or all of these straw voters may vote the other way when the time comes. On the other hand it will give an idea to weak candidates where they must buck up.

THE SOCIALISTS.

The subject of "undated resignations" is returned to us through a plank in the platform of the Socialist party of Hawaii. The three candidates who have allowed their names to be put up for the slaughter have signed their resignations, or are ready to do so, in the event of election, to be placed in the hands of the secretary of the Local. And this is very fine, but the voters cannot overlook the fact that the resignations have about as much

value as counterfeit money. When members of the Socialist party are elected to office they are representatives of the people, not the socialist party, and the undated resignation would be of little value. For instance Byron O. Clark, drawing the salary of Delegate to Congress from this territory, would be quick to give up the job and emoluments because his party thought he had proven unfit for the place. It wouldn't be a case of loving the Socialists less, but loving the coin more. Clark is no exception to the rule which has made men araricious. Most socialists are believers in the tenets of equality until they are asked to divide their own apple.

Next to the political excitement in Honolulu comes the excitement over the games of base ball on the mainland. Large crowds gather where ever the scores are placed, and read them as the merits of the various batteries are discussed. At so great a distance the interest is surprising.

MCCULLY TRACT.

The sale of the McCully tract to the Guardian Trust Company yesterday recalls the boom days of 1900, when many believed that any real estate investment meant thousands of dollars to them. At least three prosperous men of that day went practically broke on deals of this character, and two almost lost their reputations as fairly good business

men. The land sold is among the best in the town that is available for building purposes, but much of this will have to be reclaimed before any buildings, unless they be erected on stilts, could be put up. There is a belief that in time all of the land will be made ready by a reclamation process that will fit it for homes just as the beach lots of Percy Pond are being filled. Until it is put in shape it is possible the owners, the Guardian Trust Company, will erect shacks in order to get out of the investment what it can. As agents for certain property on King street, in the vicinity of the Kawaiaha'o Church, the company has kept pace with the latest surroundings; income from the sale, or lease, of the walls seems to be the main source of revenue in spite of the war against bill boards and signs on walls of buildings.

Hana News is Again Lively

(Continued from page 1.)

October 8 in ballast. She took 8 days to make the run from Auwini, Kauai, to Hana.

She will take about 18,000 bags of Hana sugar for the Coast and will most likely be towed to sea by the Claudine this coming Saturday.

PERSONALS.

Mr. L. Y. Aiona, the popular Hana Hotel man and store keeper, is in Honolulu under treatment with Dr. Straub. He is expected back this week.

Mr. Gibson leaves for Honolulu by this Claudine.

Mrs. Kahoolahi a well-known lady of the District, died on the 14th inst. She had been in the best of health up to a few minutes before her death. She leaves several children to mourn her loss—Mrs. Dart, of Pauilo, Hawaii, and three sons who reside in Honolulu and Hana—Heart failure was the cause of death.

Mr. Carr, the Postal Inspector, was a Hana visitor this week and this will probably be his last trip as he will leave shortly for the coast to take up a branch of the same work in Los Angeles. He also leaves by the Claudine today for Honolulu.

LOCAL NOTES.

Traveling Inspector Gibson, of the Board of Education, came to Hana this week on a tour of inspection. This is his first visit in 13 years, and to him it was quite a pleasant change. He made the schools of the District all in one day where, formerly, he had to take a week to make the rounds. Thanks to the automobile and good roads!

Claudine to Hana. They had been employed by Hugh Howell over on the Lahaina Pali road and, on account of being short of money to continue the work, the gang was laid off. They will be back on the job after election.

Mr. Goldstein, the Pioneer drummer is around again with his sample trunks, catering to his trade. Mr. Goldstein beside being the pioneer at the business, is the best posted politician on Maui and, if any of the local boys want inside dope, as to their chances of winning in the coming fight they should ask Goldstein. If he says "lose" you lose, and if "win" you win, hands down!

Chas. Kibling, Purser of the Claudine is seriously ill at Honolulu. The Claudine came out under Purser E. W. Thompson acting and "Shanks" Fitzsimmons as freight clerk.

Mr. F. Wittrock, the Deputy Sheriff of Hana, leaves by Claudine today in charge of four Filipino prisoners for Wailuku, also to attend the Jury term of the Second Circuit.

The past week has been a rainy one and every body is rejoicing that the long drawn out drought has passed.

The meeting of Central Maui ministers was held Thursday at the Wailuku Union Church. There was a large attendance. Rev. A. Graig Bowdish opened the day with a devotional service that was inspiring. Rev. R. B. Dodge gave the first of a series of lectures upon "Introduction to the New Testament." Rev. C. G. Burnham continued the work he has been carrying on for several months in the study of sermon outline. The ladies of the Women's Aid Society of the Church provided a delicious luncheon at the Town Hall, which the ladies of the Kaahumanu Church served to the guests. Directly afterwards this was a two hour session of the Committee of Nine that attends to all details of the Church work between meetings of the Maui Association of Churches.

of it by punishing those who have been discovered; and if we keep doing this much, term after term, our county will be so clean that good men and women will not have to blush with shame, while the rakes and adulterers blush, fear and suffer punishment.

"Be just and fear not."

The criminal has only the right to be legally convicted and then mercifully punished.

Our able County Attorney will, as his duty requires, aid you in the discharge of your duties in this service. No-one can advise you as to whom you should indict further than to say as I have here indicated "indict those you believe guilty."

You will have two deputy sheriffs to act as bailiffs and attend upon you, execute your orders and arrange for your convenience.

You will on retiring to the Grand Jury-room elect one of your number to act as your Secretary—keep the minutes and make a record in writing of your doings.
